

AMERICAN GILSONITE COMPANY

The Gilsonite® Supply Center is now open in Midland, Texas

Now you can get just the amount of Gilsonite® you need, right where you need it: in the Permian Basin.

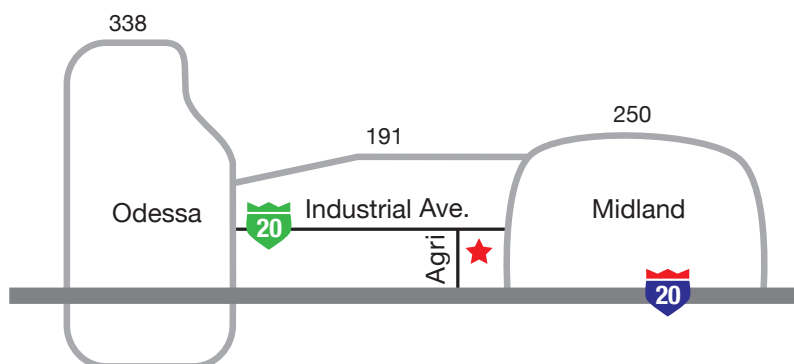

American Gilsonite Company understands the needs of our Permian Basin customers – that at times you need less-than-truckload quantities, and you need them right away. To reduce delivery time and keep your inventory low, we now provide a full range of Gilsonite® uintaite products for both cement and drilling fluids – all from our convenient Midland location.

Call 432-694-1994 now for same day pickup or delivery!

We've just made it faster and easier for you to add Gilsonite® uintaite's cost-effective strength, flexibility, bonding and high-temperature capability to your jobs:

- > Conveniently located in Midland, just off I-20
- > Call now for pickup or delivery as soon as the same day
- > Buy only as much as you need to keep your Gilsonite® inventory low
- > Full line of Gilsonite® products available for both cementing and drilling fluids (OBM/WBM)
